GPA 3.25

EXPERIENCE

Co-Founder / Lead Developer   2015 - present
Religio, Inc - Ithaca, NY 14850
https://www.religioapp.com/
- Developed infrastructure and product of Religio, Inc from the ground up.
- Summer 2017, participated in the Life Changing Labs incubator hosted at Cornell University
- Used the AngularJS framework for front-end development.
- Created a PHP RESTful API to handle backend logic.
- Used a MySQL relational database to handle data storage.
- Utilized the monetary API provided by Braintree to handle transactions.
- Assisted in supporting and onboarding customers.
- Coordinated and prioritized feature development for a team of contractors and interns.

Undergraduate Teaching Assistant   Fall 2018
Cornell University- Ithaca, NY 14850
INFO 4240 - Designing Technology For Social Impact
- Will assist students during office hour periods and grade assignments on coursework related to ethical product design

Undergraduate Teaching Assistant   Spring 2017

Cornell University- Ithaca, NY 14850
INFO 2300 - Intermediate Web Development
- Assisted students during office hour periods and graded assignments on coursework related to web development and relational database solutions

Front-End Developer   Summer 2014

Hive Marketplace Startup - Belmont, MA 02478
- Collaborated with a small team of 2 other individuals to create an iOS marketplace app for their startup.
- Used Xcode and obj-C to develop the iOS application.
- Programmatically communicated with a separately developed PHP RESTful API
- Participated in strategy meetings with the two founders

PROJECTS

MonsterCreate,   2013 - 2015

http://www.monstercreate.com/
- Sole developer of the two award-winning flagship apps of the MonsterCreate startup, MonsterMusic and MonsterGraphics (launched April 2013 and September 2013 respectively.)
- Collaborated with popular YouTube personality Jon Cozart (channel name Paint, 3.5 million subscribers) for promotional purposes and sound development.
- Accumulated 70,000 free version downloads and 7,000 paid version downloads over 2 year period, with clear spikes and increased ratings due to partnership with Jon Cozart.
- Editor's choice in Australia
